

Town of Farmville, North Carolina

Church and Other Off-Peak Service
(Schedule CS)

Availability

Service under this Schedule is available for electric service to churches, including church-related educational and recreational facilities, and for other predominantly non-peak night and weekend service to public or governmental not-for-profit entities. Alternating current, 60 hertz, will be provided at one of the Town's standard single-phase or three-phase service voltages at one point of delivery.

Energy furnished under this Schedule may not be resold and may not be used for standby, temporary or seasonal service.

Monthly Rate

Customer Charges:

Single-phase	\$ 17.00
Three-phase	\$ 34.00

Energy Charge:

All kWh	\$.1447 per kWh
---------	-----------------

Payment Terms

Bills are due when received and are payable within 15 days of the date of the bill. For unpaid bills after the 15th day, a late fee of \$3.00 will be added to the balance. A delinquent fee of \$20.00, but not less than 1.5% of the unpaid balance, will be charged on any balance outstanding twenty-two days after the billing date. In addition, if any bill is not paid within 22 days from the date of the bill, the Town has the right to suspend service in accordance with its service regulations.

Minimum Term

The term of contract for service under this schedule shall be as mutually agreed upon and specified in the service agreement, but not less than one year.

Sales Tax

State of North Carolina Utility Sales Tax will be added to charges for service, as applicable.

The City/Town will attempt to provide advance notice of tracking adjustments associated with rate changes charged to the Town/City from NCEMPA, or will notify Customer of changes as soon as practical after such changes are approved and adopted by NCEMPA.
